CONSULTANTS

Data2Logistics • www.data2logistics.com

Data2Logistics provides the business intelligence you need to reduce transportation expense by 7 percent to 15 percent, and improve control for your freight and parcel shipments. For more than four decades, clients have relied on Data2Logistics to provide accurate pre-audit, post-audit, freight cost allocation, and robust global information. These services are provided as part of our worldwide freight bill payment capabilities. We process bills for all modes of transportation, including less-than-truckload, truckload, air, ocean, and parcel. We are a recognized source for actionable information, not just access to data. Data2Logistics has the experienced staff and global presence to service your locations in North America and around the world.

Distribution Design Inc. • www.distdesign.com

Distribution Design provides consulting services for improving logistics operations, systems, and facilities. Services include operational assessment with recommendations, operational and process design, second opinion, facility longevity analysis, 3PL/WMS selection, and designs for WMS and material storage and handling systems. Projects have won national awards for Highest ROI and Productivity. Visit the Web site for case studies, knowledge base articles, and links to other helpful sites.

Establish, Inc. • www.establishinc.com

Establish, Inc. is a global management consulting firm specializing in the supply/demand chain. We have been in business for more than 35 years and completed more than 1,000 client assignments. We are comfortable working in all the supply chain functions: procurement provisioning, inventory planning/forecasting, manufacturing distribution, warehousing, transportation, and customer service, and we can work at both the strategic level and the tactical level. We also have implementation capabilities and frequently lead or guide the implementation of our recommendations.

LTD Management • www.ltdmgmt.com

LTD Management provides logistics and supply chain management consulting based on real-world experience - not as career consultants. That experience enables us to better understand a client's needs and to develop solutions that work. Clients are manufacturers, wholesalers, distributors, retailers, 3PLs and other logistics providers based in the United States and international. Whether the need is domestic or global, strategic or tactical, operations or cost improvement, startup or existing business, LTD provides solutions that work.

Education

Elmhurst College • www.elmhurst.edu/scm

Elmhurst College offers the Chicago area's only graduate program in supply chain management. In this program, you'll gain a sound technical foundation and hone skills that are absolutely critical for today's professional: communication, negotiation, team building, information technology, analytical thinking, working in diverse business environments, and sound business decision-making. All course work maintains a balance between the current theory and its real-world application.

Georgia Tech Supply Chain & Logistics Institute www.scl.gatech.edu

The Georgia Tech Supply Chain & Logistics Institute (SCL) offers a comprehensive curriculum of short courses and seminars in which participants can earn a professional certificate in Supply Chain and Logistics or a professional certificate in Lean Supply Chain. More than 18 open enrollment supply chain and logistics short courses are offered each year. SCL can also assemble a curriculum designed for individual company needs. SCL students come from all segments of the logistics community - from manufacturing and distribution, warehousing, transportation, and third-party logistics to consulting and information technology.

Georgia Tech, Executive Masters in International Logistics & Supply Chain Strategy Program • www.emil.gatech.edu

After 10 years in existence, Georgia Tech's Executive Masters in International Logistics & Supply Chain Strategy (EMIL-SCS) program is clearly in a category of its own. For the senior logistics executive seeking an advanced degree in international logistics and supply chain strategy, EMIL-SCS is the program of choice. We combine a strategic blend of people, places, and content that goes far beyond a workshop. EMIL-SCS offers a life-enhancing opportunity to spend time with others who, like you, seek to define the future of supply chain logistics. You will do exactly that, across four continents, working in teams to resolve real-world issues. The friendships you build will last a lifetime.

Kellogg School of Management - Northwestern supplychain.kellogg.northwestern.edu

Learn more about Operations Management Week at the Kellogg School of Management. This week-long executive education offering will help you develop a coordinated supply system to increase service levels and reduce costs affecting the bottom line. Combining ideas and tools from supply chain management and lean six sigma, you will leave with in-depth knowledge of the innovative approach to operations management used in the Kellogg MBA program.

Penn State World Campus-The Pennsylvania State University **www.worldcampus.psu.edu/mpsinscm**

Penn State World Campus, in partnership with Penn State's Smeal College of Business - ranked #1 in supply chain education - offers a 2-year, 30-credit online master's degree in supply chain management. As a student in this program, you will study proven theory, industry best practices, and new technologies in supply chain management. The program enables students to develop the knowledge, skills, and abilities for effective supply chain management across all areas of the supply chain.

Syracuse University, Whitman School of Management **www.whitman.syr.edu**

The Whitman School of Management at Syracuse University, a nationally recognized leader in logistics and supply chain education and research since 1920, offers the oldest such program in the country. Whitman supply chain graduates gain professional experience as students and enjoy a strong alumni network. For practitioners, we offer a talented intern/employee pool, and events to renew and update your skills. We also offer BS, MBA, MS, PhD, and executive programs in supply chain, as well as electives in Whitman's highly-regarded distance-learning MBA option.

SECURITY: CARGO/FREIGHT & SUPPLY CHAIN

Aankhen Inc. • www.aankhen.com

Aankhen Inc.'s SeeTrak platform delivers industry's most advanced personal and supply chain visibility, security, and environmental monitoring of assets using GPS/RFID/GPRS devices and deviceless tracking using OCR technologies. Track your supply chain assets or monitor the safety of your employees or family. The solution is available as an on-demand SaaS service. The automated and accurate data captured by SeeTrak enables new supply chain 2.0 functionality not possible before. SeeTrak's fact-based intelligence (FBI) delivers supply chain process monitoring and alerts, enabling proactive management of supply chain risk while improving quality of service to enterprise customers, 3PLs, and the insurance industry.

TrakLok Corporation • www.traklok.com

TrakLok Corporation is deploying a solution to secure and globally track intermodal shipping containers and cargo. TrakLok creates an end-to-end cargo tracking and security management system that dramatically increases the security of cargo and containers while maximizing the efficiency of their movement and storage. Using physical security technologies, wireless communications, and wireless sensor networking, the GeoLok™ and TrakLog™ solution provides lock-tight security with total asset visibility for high-value and high-interest shipments throughout the world.

SHIPPING SOFTWARE

GMS International • www.gtrac.com

Successful global transportation management hinges on the successful flow of data between trading partners. Since 1975, GMS International has kept that data moving through its on-site systems, including the Web-based G-TRAC software for shipment tracking. Customs brokers, forwarders, and importers rely on G-TRAC to integrate systems and provide visibility to merchandise as it moves through the shipment cycle. For more information on how GMS can keep you ahead of the competition, check out the Web site.

Nexxio • www.nexxio.com

Meet Nexxio, the software and services company that has taken a unique approach to delivering transportation solutions to businesses that ship. We think shipping software should be simple to use and ultimately affordable. It should easily fit into your current workflow. And shipping systems should painlessly integrate into your existing IT landscape. It's all about making shipping straightforward, fast, accurate, and integrated, and that's why millions of packages each year are shipped on systems provided by Nexxio. Shipping software and shipping systems from Nexxio - Shipping Made a Whole Lot Easier™.
