

Your Guide to Leading Logistics Resources

INSIDE **INFO**

Load optimization has always been an important strategy for squeezing every ounce of efficiency from your assets. But in times like these, when sales are low but customer demands remain high, optimizing every shipment is even more crucial. Here are some leading companies that have enhanced their load optimization solutions to meet your needs.

Load Optimization

Cube-IQ

MagicLogic

21340 4th Avenue
Langley, BC, Canada
1-888-274-8616 (PST)

info@magiclogic.com • www.magiclogic.com

Cube-IQ Load Planning software is built around the best optimizer on the market and provides optimal volume/weight utilization. The software offers an Office-style user interface, and produces clear 3D load diagrams. *Cube-IQ* has built-in optimization modes for container, truck, rail car and ULD loading, palletization and cartonization.

Prophesy LoadBuilder

Prophesy

204-C W. Newberry Rd.
Bloomfield, CT 06002
860-243-0533

sales@mile.com • www.mile.com

Prophesy's load planning and distribution software helps manage inbound and outbound freight, optimize loads and routes, consolidate and optimize shipments, and handle cross-docking, pooled loads, split state weights, and fuel surcharges with ease.

MaxLoad Pro

TOPS Engineering

275 W. Campbell Rd., Ste. 600
Richardson, TX 75080
1-800-889-2441

info@topseng.com • www.topseng.com

MaxLoad Pro loads mixed-sized products and offers a 3D drag-and-drop editor to edit load plans. SKU data and ship orders can be easily imported for simulation. It uses intelligent calculations and stack rules to find the best cube, cut freight costs, eliminate loading errors and minimize transient damage.

INFO | Your Guide to Leading Logistics Resources

Efficient yard management impacts you, your customers, and your carriers. You can be a supply chain team player by avoiding bottlenecks, keeping trailers and trucks moving quickly, and having complete visibility of your assets at all times. Gain that capability with any of these innovative Yard Management Solutions.
